

Re-Board® Brown

Re-board® Basic is a craft-coloured lightweight yet exceptionally strong and fully recyclable paperboard. The unique engineered fluted core of Re-board® ensures excellent planar flatness combined with design flexibility to create almost any shape.

### Re-board Brown

Re-board® Brown has a cardboard-coloured (craft) top layer finish. It is a lightweight and fully recyclable paperboard with Re-board®'s unique engineered fluted core. Re-board in craft colour has great design flexibility to create almost any shape.

### Sustainability

Re-board® Brown contains no harmful components and utilizes water-based adhesives. The board can be recycled as paper in normal waste paper streams found throughout the world.

### Carbon Footprint

Re-board® is the first rigid paperboard in the world to independently measure its CO2 emissions. 16mm Re-board CO2 emission/sqm = 2 kg, based on CEPI and ISO 14040 guidelines.
